This is a comprehensive introduction to sex and gender theories, research, and issues, focusing on social psychological and feminist perspectives. The book examines the similarities and differences between women and men, where that knowledge comes from, and how that

# Download Free And Gender An Introduction Hilary Lips

knowledge may itself be shaped and limited by cultural perceptions. The text is organized into three primary themes: Part I provides background to stereotypes, theories, and research; Part II is focused on biological and psychological dimensions; Part III examines sex and gender in social relationships.

Are sex and gender really two different things? How malleable is gender identity? Do both gender and sex have to be conceptualized as binaries—as having two distinct but complementary categories? Should we emphasize gender differences, or is that the wrong question? When should we call a gender difference “small”? Are women really “nonaggressive” or does that label stem from stereotyping? How does subtle or

# Download Free And Gender An Introduction Hilary Lips

“modern” sexism work on its targets? Scholarship on these and other gender-related questions has exploded in recent years. Hilary Lips synthesizes that research for students in an accessible and readable way. Concepts on sex and gender are presented with the social context in which they were developed. As in previous editions, Lips takes a multicultural approach, discussing the gender experiences of people from a wide range of races, cultures, socioeconomic statuses, and gender and sexual identities. She emphasizes empirical research but takes a critical approach to that research.

Are sex and gender really two different things? How malleable is gender identity? Should we emphasize gender differences? These are only some of

# Download Free And Gender An Introduction Hilary Lips

the questions Hilary Lips addresses regarding one of the most important dimensions of human life since time immemorial. Stereotypes, gender roles, and how social relationships function all combine to assign meanings to the male–female distinction that affects all aspects of social life. Taking advantage of the abundance of current research that reevaluates and resituates the major issues of sex and gender, the Sixth Edition collects and distills this scholarship into a book that is readily accessible and relevant to today's readers. Lips incorporates knowledge gained from a range of social sciences, taking a critical approach to empirical research. Throughout the book, she emphasizes culturally, racially, and sexually diverse perspectives. A discussion of the role

# Download Free And Gender An Introduction Hilary Lips

that gender plays in social relationships and power hierarchies illuminates the experience of inequality between men and women in business, education, politics, and the media. The ideas presented in *Sex and Gender* will raise readers' awareness of the issues contributing to that major social problem.

*Gender: The Basics* is an engaging introduction which examines the impact of cultural, historical, biological, psychological and economic forces on qualities which have come to be defined as masculine or feminine. Highlighting that there is far more to gender than biological sex, it takes a global perspective to examine the interaction between gender and a wide range of topics including:

- Relationships, intimacy and concepts

Rich, original, and transformative, the latest edition of *A New Psychology of Women* examines how gender-related expectations interact with other cultural assumptions and stereotypes, and with social and economic conditions, to affect women's experiences and behavior. Absorbing narratives centered on essential topics in psychology and global research engage readers to grasp cutting-edge insights into the psychological diversity of women. Aware that our own cultural experience colors and limits what we think we know about people, veteran educator and scholar Hilary Lips imbues her discussions with international examples and perspectives to provide an inclusive approach to the psychology of women. A wide range of new and extensively
