Oxford-educated historian Joseph P. Farrell really delivers in this latest addition to his best-selling book series on suppressed technology, Nazi survival and postwar hidden conflicts. His customary meticulous research and sharp analysis blow the lid off of a worldwide web of nefarious financial and technological control few people even suspect exists. Farrell delves into the creation of a breakaway civilization by the Nazis in South America and other parts of the world. He discusses the advanced technology that they took with them at the “end” of World War II and the psychological war that they waged for

decades against America and NATO. He shows how the breakaway civilization has created a huge system of hidden finance with the involvement of the Vatican Bank (among others), and how NATO established a large covert warfare network and political slush fund. He investigates the secret space programs currently sponsored by the breakaway civilization and the current militaries in control of planet Earth. Farrell includes a fascinating discussion of “emulational” technologies (those that can manipulate acts of god/nature, like earthquakes and storms) from the standpoint of the culture of “full

Part conspiracy theory, part popular science, *Genes, Giants, Monsters and Men* explores the possibility that the history of the human race is not as simple as has been taught in textbooks. Farrell considers how the religious stories that have often been the core basis for mankind's understanding of where it belongs in the history of creation may actually reveal a planet occupied with tyrannical giants and an elite race bent on genetic mutation.

The ultimate question is no longer "who am I" or "why am I here." These questions were answered in the earliest civilizations by philosophers and priests. Today we live in an age of such rapid advances in technology and science that the ultimate question must be rephrased: what shall we be? This book investigates what may become of human

civilization, who is setting the agenda for a trans-humanistic civilization, and why . The modern Victor Frankenstein holds a high political office, carries diplomatic immunity, and is most likely funded by the largest corporations worldwide. His method is ancient: alchemy. His fraternities are well known and their secrets are well kept, but his goal of times past and present is the same; he dares to become as god, genetically manipulating the seeds of the earth, the beasts on the fields, and to claim legal ownership over humanity by re-creating it in his own image.
