Book Review: Because a Little Bug Went Ka-choo! by Rosetta ...

Because a Little Bug went Ka-Choo, is more than a child's book of the Dr. Seuss series. It is in my opinion a manuscript of sacred truth often unrealized in the life of a leader. Let me explain, in Because a Little Bug went Ka- Choo, Rosetta Stone describes the extreme chain of events that unfold as a result of a little bug sneezing.

Online Library Because A Little Bug Went Kachoo

The mere sneeze of a bug triggers a chain reaction involving, among others, cows, turtles, policemen, and an entire circus parade.

This title belongs to the highly acclaimed Beginner Book series developed by Dr. Seuss, in which the essential ingredients of rhyme, rhythm and repetition are combined with zany artwork and off-the-wall humour to create a range of books that will encourage even the most reluctant child to learn to read. Originally published under the pseudonym of Rosetta Stone, Because A Little Bug Went Ka-Choo is being relaunched with a stylish new cover design which reveals, for the first time, the true

writing attempts

Real-life 7-year-old Sophia Spencer was bullied for loving bugs until hundreds of women scientists rallied around her. Now Sophie tells her inspiring story in this picture book that celebrates women in science, bugs of all kinds, and the importance of staying true to yourself. Makes a perfect gift for nature lovers on Earth Day and every day! Sophia Spencer has loved bugs ever since a butterfly landed on her shoulder--and wouldn't leave!--at a butterfly conservancy when she was only two-and-a-half years old. In preschool and kindergarten, Sophia was thrilled to share what she knew about grasshoppers (her very favorite insects), as well as ants and fireflies... but by first grade, not everyone shared

Online Library Because A Little Bug Went Kachoo

her enthusiasm. Some students bullied her, and Sophia stopped talking about bugs altogether. When Sophia's mother wrote to an entomological society looking for a bug scientist to be a pen pal for her daughter, she and Sophie were overwhelmed by the enthusiastic response--letters, photos, and videos came flooding in. Using the hashtag BugsR4Girls, scientists tweeted hundreds of times to tell Sophia to keep up her interest in bugs--and it worked! Sophia has since appeared on Good Morning America, The Today Show, and NPR, and she continues to share her love of bugs with others.

Gerald tells of the very unusual animals he would add to the zoo, if he were in charge.
