"Nonfiction reading skills are essential to students' achievement in virtually every academic discipline. To do science, students need to read science books and articles. To study history, they need to be skilled at reading all kinds of primary and secondary documents and sources. When we help students become powerful readers of nonfiction, we help them become powerful learners. Across this unit, students will develop a solid set of nonfiction reading skills including: discerning central ideas; summarizing to create a concise version of a text; synthesizing within and across texts; building vocabulary; and reading critically to question an author's point of view and perspective. At the same time, students develop flexibility as they read across text types and transfer what they know from one type of text to the next. Throughout the unit, students learn to grow their ideas and work collaboratively around high-interest text and topics"--page 4 of cover.

In *Writers Are Readers*, the mutually supportive roles of reading and writing are made visible through the idea of "flipsides;" how a reader's insights can be turned around to provide insights into his own writing, and vice versa. Lester and Reba's trademark engaging style is woven throughout chapters full of sample lessons, student writing samples, and recommended texts for maximizing the flipped concept across the year. "Leading the student to understand what he did as a reader can become a lens that brings into focus what the writer had to do before a reader ever saw the page," they write. Discover fresh new ways to turn reading strategies into writing opportunities that your students will be excited about and deeply understand.

Bobby's got one last chance to prove to his teachers, his principal, and his parents'especially his super-sarcastic dad'that he can be taken seriously. His assignment: to put on a school-wide laugh-off. It's teachers vs. students'and may the best comic win. It's also a chance for Bobby to show his dad that mean jokes aren't just kidding around.
