When the GDPR came into effect, there was a misconception that it only applied to multinationals, and that small business owners didn't need to bother with it. The truth is that the Regulation applies to all organisations that

Online Library Gdpr Handbook

process EU residents' personal data, whether they are sole traders, small businesses or conglomerates.

GDPR for small business:
the ultimate guide - IT ...

To gain a better understanding of what GDPR means for small businesses, a good place to start is to understand

Online Library Gdpr Handbook

the objectives of the Regulation. GDPR is an enforceable Regulation designed to protect the privacy of EU data subjects and give them more control over the processing of their personal data, regarding what personal data is collected, how it is used, who it is shared with, and the length of time it is kept.
