First published in 1990,
Laws, Men and Machines is an
original interpretation of
the lasting influence that
Newtonian mechanics has had
on the design and operation
of the American political
system. The author argues
that it is this mechanistic
tradition that now
instinctively shapes the way
we conceive of, analyse, and
evaluate American politics,

Law is different in
Australia. The origins of
the Australian state in a
military-run British prison
camp. the legal fictions of
terra nullius that
dispossessed, displaced and
failed to see the
sovereignty of First Nation
peoples and the efficiency
currently witnessed in
controlling the population
and the economy during the
current bio-emergency,
suggest that law ...

~~Patricia Routledge~~—American
Wikipedia

Men were just as likely to make internal moves as women were; the difference was that men did not remain in the population to be counted when the decennial census was conducted. Like Ravenstein's "laws of migration," this article relies primarily on data from the 1881 census of England and Wales.
