Trailer Jim Woodring: How To Draw FRANK

~~Poochytown~~

Poochytown takes readers to the distant crumbling edge of the Unifactor, where the landscape's mind is either unfettered or unhinged, depending on your particular taste for mischief. What occurs there beggars description, so we will not even attempt it, but rest assured it is a dark-ride-of-the-soul as only the Frank stories can deliver.

Jim Woodring was born in Los Angeles in 1952. He taught himself to draw in order to express his view of the world. He wrote and drew the first Frank story in 1992 and he has also created a body of autobiographical material (collected in the book Jim) and allegorical puzzle-pictures (Seeing Things). His books include The Frank Book (2011), Fran (2013), Weathercraft (2016), and Poochytown (2018).

Since I don't want to provide spoilers for those already familiar with the Unifactor, but who have not yet read Poochytown, I will try to sum it up concisely: Your ultimate destination is immutable, even if there are a variety paths leading there. I don't think anyone has brought the surreal to comic book format more effectively than Jim Woodring. To say this man is merely underrated would be ...
