With a balanced literacy approach, Wolfe provides core instruction, teaching strategies, and mini-lessons on these text types, each of which can be delivered across content areas or as a complete unit of instruction. Mini-lessons are provided for grades 3-5 and include materials lists, overviews, planning tips, procedures (including modeling, guided practice, and independent practice opportunities), reading connections, formative assessments, and reproducible graphic organizers for scaffolding. Prerequisite skill overviews and rubrics--both analytic for formative assessments and holistic for summative assessments--are also provided for each unit to simplify your teaching and ensure student success.
