The Essential, New York Times–Bestselling Guide to Botany and Booze “A book that makes familiar drinks seem new

Online Library The Drunken Botanist

again . . . Through this horticultural lens, a mixed drink becomes a cornucopia of plants."—NPR's Morning Edition
"Amy Stewart has a way of making gardening seem exciting, even a little dangerous." —The New York Times Sake began with

Online Library The Drunken Botanist

a grain of rice. Scotch emerged from barley, tequila from agave, rum from sugarcane, bourbon from corn. Thirsty yet? In *The Drunken Botanist*, Amy Stewart explores the dizzying array of herbs, flowers, trees, fruits, and fungi that humans have, through

Online Library The Drunken Botanist

ingenuity, inspiration, and sheer desperation, contrived to transform into alcohol over the centuries. Of all the extraordinary and obscure plants that have been fermented and distilled, a few are dangerous, some are downright bizarre, and one is as

Online Library The Drunken Botanist

ancient as dinosaurs—but each represents a unique cultural contribution to our global drinking traditions and our history. This fascinating concoction of biology, chemistry, history, etymology, and mixology—with more than fifty drink recipes and growing

Online Library The Drunken Botanist

tips for gardeners—will make you the most popular guest at any cocktail party.

This title uncovers the enlightening botanical history and the fascinating science and chemistry of over 150 plants,

Online Library The Drunken Botanist

flowers, trees, fruits, and fungi.

From the New York Times best-selling author of *The Drunken Botanist* comes an enthralling novel based on the forgotten true story of one of the nation's first female deputy sheriffs. Constance

Online Library The Drunken Botanist

Kopp doesn't quite fit the mold. She towers over most men, has no interest in marriage or domestic affairs, and has been isolated from the world since a family secret sent her and her sisters into hiding fifteen years ago. One day a belligerent and

Online Library The Drunken Botanist

powerful silk factory owner runs down their buggy, and a dispute over damages turns into a war of bricks, bullets, and threats as he unleashes his gang on their family farm. When the sheriff enlists her help in convicting the men, Constance is forced to confront

Online Library The Drunken Botanist

her past and defend her family -- and she does it in a way that few women of 1914 would have dared. "A smart, romping adventure, featuring some of the most memorable and powerful female characters I've seen in print for a long time. I loved every

Online Library The Drunken Botanist

page as I followed the Kopp sisters through a too-good-to-be-true (but mostly true!) tale of violence, courage, stubbornness, and resourcefulness." -- Elizabeth Gilbert

A globe-trotting, behind-the-

Online Library The Drunken Botanist

scenes look at the dazzling world of flowers and the fascinating industry it has created. Award-winning author Amy Stewart takes readers on an around-the-world, behind-the-scenes look at the flower industry and how it has sought—for better or worse—to

Online Library The Drunken Botanist

achieve perfection. She tracks down the hybridizers, geneticists, farmers, and florists working to invent, manufacture, and sell flowers that are bigger, brighter, and sturdier than anything nature can provide. There's a scientist intent on developing the first

Online Library The Drunken Botanist

genetically modified blue rose; an eccentric horticultural legend who created the most popular lily; a breeder of gerberas of every color imaginable; and an Ecuadorean farmer growing exquisite roses, the floral equivalent of a Tiffany diamond. And, at every turn she

Online Library The Drunken Botanist

discovers the startling intersection of nature and technology, of sentiment and commerce.

The Cocktail Garden offers cocktail recipes focused around the flavors and produce found

Online Library The Drunken Botanist

throughout the seasons, all stunningly illustrated by internationally-renowned artist Adriana Picker. From summery raspberries and rich figs to citrus and white peaches, apples and pineapples, and infusions using a riot of herbs – basil and thyme, to

Online Library The Drunken Botanist

sage and lavender and other flavors found in the garden. There are drinks for long hot summer afternoons spent among flowers in the garden; wine spritzers for breezy evenings on the back porch; champagne cocktails for celebrations under the apple tree;

Online Library The Drunken Botanist

nightcaps for wintry nights by the fireside; and fruity party punches for that garden party gathering with style.

A tree that sheds poison daggers; a glistening red seed that stops the heart; a shrub that causes

Online Library The Drunken Botanist

paralysis; a vine that strangles; and a leaf that triggered a war. In "Wicked Plants," Stewart takes on over two hundred of Mother Nature's most appalling creations. It's an A to Z of plants that kill, maim, intoxicate, and otherwise offend. You'll learn which plants

Online Library The Drunken Botanist

to avoid (like exploding shrubs), which plants make themselves exceedingly unwelcome (like the vine that ate the South), and which ones have been killing for centuries (like the weed that killed Abraham Lincoln's mother). Menacing botanical illustrations

Online Library The Drunken Botanist

and splendidly ghastly drawings create a fascinating portrait of the evildoers that may be lurking in your own backyard. Drawing on history, medicine, science, and legend, this compendium of bloodcurdling botany will entertain, alarm, and enlighten

Online Library The Drunken Botanist

even the most intrepid gardeners and nature lovers.

Even in winter's coldest months you can harvest fresh, delicious produce. Drawing on insights gained from years of growing vegetables in Nova Scotia, Niki

Online Library The Drunken Botanist

Jabbour shares her simple techniques for gardening throughout the year. Learn how to select the best varieties for each season, the art of succession planting, and how to build inexpensive structures to protect your crops from the elements. No

Online Library The Drunken Botanist

matter where you live, you'll soon enjoy a thriving vegetable garden year-round.

“Like a favorite recipe, a posy is meant to be savored and shared. Try it yourself, and ... welcome a bit of floral enchantment into

Online Library The Drunken Botanist

your life.” —Amy Stewart, author of *The Drunken Botanist* Inspired by the Victorian-era language of flowers, a posy is a small, round bouquet of flowers, herbs, and plants meant to convey a message, such as dahlias for gratitude, sunflowers for

Online Library The Drunken Botanist

adoration, or thyme for bravery. These floral poems have become Teresa Sabankaya's signature. Brides want them for their weddings, but a posy is a lovely gift any time of year, and one that readers can easily put together from their garden or with blooms

Online Library The Drunken Botanist

from their local florist. In *The Posy Book*, Sabankaya shares step-by-step instructions, floral recipes for more than 20 posies, and ideas for seasonal variations. A modern floral dictionary, with 12 original paintings by celebrated illustrator Maryjo Koch, will help readers

Online Library The Drunken Botanist

craft their own posies filled with personal meaning.

In the Wicked Plants Colouring Book, Amy Stewart and artist Briony Morrow-Cribbs bring colouring enthusiasts the forty most menacing botanical

Online Library The Drunken Botanist

atrocities from their New York Times bestseller *Wicked Plants*. Morrow-Cribbs's exquisite etchings are now finely rendered colouring-book art and are paired with details from the original book. Drawing on history, medicine, science, and legend,

Online Library The Drunken Botanist

and written with Stewart's trademark wit, each wonderfully creepy spread offers a fascinating portrait of the evildoers of the plant world, from the vine that ate the South (kudzu) to the weed that killed Lincoln's mother (white snakeroot) to the world's

Online Library The Drunken Botanist

deadliest seed (rosary pea).

From the authors of the bestselling and genre-defining cocktail book *Death & Co*, *Cocktail Codex* is a comprehensive primer on the craft of mixing drinks that

Online Library The Drunken Botanist

employs the authors' unique "root cocktails" approach to give drink-makers of every level the tools to understand, execute, and improvise both classic and original cocktails. JAMES BEARD AWARD WINNER □ WINNER OF THE TALES OF THE COCKTAIL

Online Library The Drunken Botanist

SPIRITED AWARD® FOR BEST NEW COCKTAIL OR BARTENDING BOOK □ NAMED ONE OF THE BEST COOKBOOKS OF THE YEAR BY CHICAGO TRIBUNE "There are only six cocktails." So say Alex Day, Nick Fauchald, and David Kaplan, the visionaries behind the

Online Library The Drunken Botanist

seminal craft cocktail bar Death & Co. In *Cocktail Codex*, these experts reveal for the first time their surprisingly simple approach to mastering cocktails: the “root recipes,” six easily identifiable (and memorizable!) templates that encompass all cocktails: the

Online Library The Drunken Botanist

old-fashioned, martini, daiquiri, sidecar, whisky highball, and flip. Once you understand the hows and whys of each "family," you'll understand why some cocktails work and others don't, when to shake and when to stir, what you can omit and what you can

Online Library The Drunken Botanist

substitute when you're missing ingredients, why you like the drinks you do, and what sorts of drinks you should turn to—or invent—if you want to try something new. Praise for Cocktail Codex “Learn the template, and any cocktail you

Online Library The Drunken Botanist

can think of is within reach.”—Food & Wine “Too bad all college textbooks weren’t this much fun.”—Garden & Gun “A must for amateur and pro mixologists alike.”—Chicago Tribune “If Dora the Explorer turned twenty-one, split herself

Online Library The Drunken Botanist

into three people, and decided to write the Magna Carta of booze books, this would be the result. And, unlike every other book you'll read this year, Cocktail Codex is packed with actual knowledge you can use in the real world. Please, please, can Cinema

Online Library The Drunken Botanist

Codex be next?"—Steven Soderbergh, filmmaker
